2021 TOURNAMENT SPONSORS

PRESIDENT'S WELCOME

President: Reed Niemi

What a year it has been. The number of obstacles that everyone has overcome ought not be lost to anyone ever. Coaches and students certainly proved that the old coach adage of "adapt or die" proved that adaption was key.

What has surprised me the most over the past year has been the level of cooperation, compassion, and understanding that all in this valuable activity demonstrated. We have learned some new best practices over the last year and even thought outside-the-box. This year, because of a virtual tournament format, CHSSA was able to add a few events, supplementals, that may not have been as easy were we face to face. Beyond that, CHSSA also waived school dues for any school that paid for the 2019-2020 school year due to canceling the State tournament. This was made even easier by moving board meeting to the Zoom-asphere and making sure we were not hemorrhaging funds.

While many organizations were fast to adapt, CHSSA unlike the NFHS or NSDA has no paid boardmembers , and as such had to even work harder to be able to adapt new rules, new formats, and new events. A very large thank you is owed to all board members and non-board members that made it possible through determination to be able to have a State tournament. As the old anecdote says, a duck swimming always looks at peace above the water, while the legs are frantically paddling.

Area Chairs' Letter

Area 1: Chris Harris | Area 2: Mikendra McCoy
Area 3: Jennifer Nguyen | Area 4: Don Etheridge

As Area Chairs, we want to take this opportunity to: thank the CHSSA Council for making the difficult decisions, applaud the League Presidents for pulling together, stand in awe of the coaches in the trenches, and celebrate the tenacity of our incredible student competitors. Your ability to maintain any sense of normalcy in a very un-normal time gives air to the power of words, the strength in a story, and the need to continue to sharpen our intellect to effectively create change.

Nothing will “erase” the hardships of this past year, but it certainly will continue to nudge us towards a “better” collective community; one capable of inspiring creativity, encouraging and empowering one another and revealing the potential of people determined to speak. In fact, technology also showed how we could make our speech and debate society function better in “normal times.” We can increase access for competitive and collaborative measures, as we have created new events and incorporated social media all in an effort to maintain an activity that we all love.

Our “new normal” is still emerging, and in true California style, we turn to the great philosopher, Walt Disney, “around here ... we keep moving forward, opening up new doors and doing new things, because we are curious ... and curiosity leads us to new paths..”

Congratulations,

Chris Harris
Jennifer Nguyen

Mikendra McCoy
Don Etheridge

STUDENT OF THE YEAR FINALISTS

Since its inauguration

the California High School Speech Association has received countless Student of the Year nominations for students who use their voice to fight for good, break down barriers for their fellow students, and seek out opportunity for those in

need. Time and again the nominees for Student of the Year humble and remind us that our students are capable of extraordinary things, even in the hardest of circumstances. The 2021 Student of the Year finalists are no exception. Despite a year full of setbacks, these five finalists have reached out to their communities, their classmates, the youth, and fought to increase access to resources, minimize barriers to diversity, and promote learning for all. Every student who competes in speech and debate is better for the work they do, and we are proud to recognize and honor these five Student of the Year finalists for turning their voice into action.

Congratulations to our 2021 Student of the Year Finalists!

Service Above Self

Honoree: Dr. Tommie Lindsey, Jr.

The Donovan Cummings Service Above Self Award is given to individual California speech and debate coaches that exhibit the qualities of service that represented the life of Donovan Cummings. This year I am proud to announce and award the Donovan Cummings Service award to Dr. Tommie Lindsey. While being long-overdue, Dr. Lindsey best demonstrates all the qualities that Mr. Cummings admired in coaches. Unbeknownst to many, Mr. Cummings was a regular mentor to a young coach starting a team in Union City. The amount of respect I personally witnessed between my high school coach, Mr. Cummings, and Dr. Lindsey was impressive and Dr. Lindsey never forgot the assistance he received. As Dr. Lindsey grew in stature and experience, he never forgot how he got there, and always lent a hand to any new coach that needed assistance. Besides mentoring, and advocacy for speech and debate in California and the nation, Dr. Lindsey went on to produce more coaches than likely any other person in California ever. His students went off to all reaches of the nation and started many teams that did not exist prior to their arrival.

I feel blessed to know Tommie and to have myself been mentored as a coach by him. I know that Mr. Cummings would be honored to have an award named after him awarded to Dr. Lindsey. California high school speech and debate is richer as a result of Dr. Lindsey's involvement and decades of service.

Hall of Fame 2021

Honoree: Gregg Osborn

You would be hard-pressed to find a coach who was not willing to advocate for their students; this is simply part of the job. A much rarer occurrence is a coach who advocates for all students, regardless of their affiliation. This perfectly describes Gregg Osborn.

Having served in pretty close to every position in CHSSA, Gregg has used his platform to fight for every student, regardless of their creed and background. Gregg has had numerous State Champions and National finalists, but above success he has always put access. Even during the pandemic, Gregg has fought tirelessly to ensure all of our students would have access to league tournaments, regardless of wealth or technological capabilities. Gregg and his wife, Jenn, have been staples in every SDIVSL Tab and Judges' Room for the past 20 years, mentoring countless coaches to build, sustain, or resurrect teams. I sincerely doubt you could find a coach in San Diego who had not been personally guided at some point by Gregg. Throughout his decades long career, Gregg has advocated to have a singular concept understood: Speech and Debate is good for all kids.

Personally, when I started working with his students a decade ago as a favor to a friend who had gone to Helix, Gregg knew nothing about me. He just saw someone who loved the activity as much as he did and took a chance. In the five years that I worked for Gregg, he was so much more than a boss; he was a father figure. While he did shape my love of sincere interps, he also taught me just what the intersection of compassion and ethics looks like. He gives limitless love to his students (and assistant coaches), but also creates boundaries that keeps kids feeling safe and protected. Gregg is reflective and caring, and while this year he graduates his youngest son, he has been a dad to countless students before who craved the guidance he gives. I am so eternally grateful to have Gregg Osborn in this activity, in my life, and in the lives of the hundreds of kids for whom he will always be known simply as Oz.

- Cameron Martin
(SDIVSL League President)

Gregg has served in a number of positions:

**SDIVSL Vice President
SDIVSL League President
Area 4 Chair
CHSSA Historian**

CARLSBAD HIGH SCHOOL

Learning Today — Leading Tomorrow

Thoughts from the Carlsbad High coach

In this most unusual year, what has struck me the most is the incredible resilience of everyone involved, but most especially our students. Our Speech and Debate community has provided a place for students to continue to grow and to concentrate on moving forward, and they have truly embraced this opportunity. Our league coaches, parents, and team members have met the challenges of this year with impressive positivity and cooperation, and I appreciate all of the work, seen and unseen, that has made this year a success.

As for my team members, they more than lived up to the challenge. My team continues in a positive, supportive manner, and works together for the benefit of everyone. We decided early to learn what we could from speaking in a virtual environment. Our student leaders continue to take this to heart and pass along a positive work ethic to everyone on the team. It is quite impressive how they persevere and grow through all of the challenges. I have been amazed as I watch this team work to fulfill their commitments, dedicate their time, watch out for one another, and share positivity and support. These young people are truly inspirational.

Sometimes it is hard to remember that we will get back to our “normal” life, but we will. When we do, we will take with us all that we have learned about ourselves, about each other, and about our team. Our lives are not on hold, and we will continue to help each other make the most of every day.

I appreciate this team, activity, and community, and am honored to be a part of it.

Francis Parker

SPEECH & DEBATE TEAM

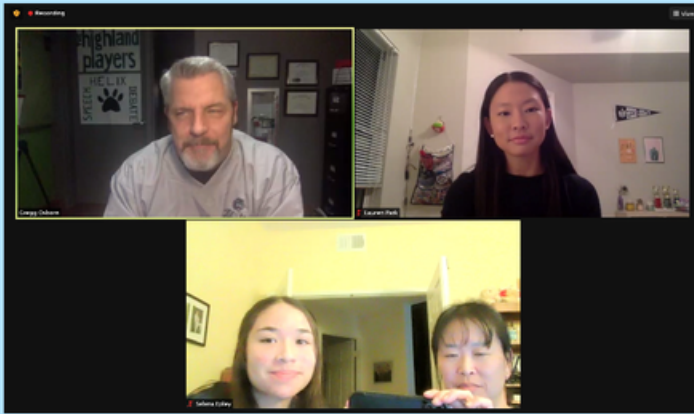

Members who participated in
debate events.

Members who participated in
speech and platform events.

The Francis Parker Speech and Debate Team grew in three years from one member with a dedicated parent volunteer coach to around 50 students competing in this extremely successful program. Coach Selena Dong-Epley and her daughter Sophia Epley '21 established the team after she transferred to Parker. Through the passion and hard work of dedicated coaches, officers, team members, and parents, the Speech and Debate Team went from qualifying one member for State in 2020, Jayna Wadhwa '22 in Impromptu, to qualifying 10 students in 2021. After a season with multiple 4-0s in debate events, many top placements at invitational tournaments, and high rankings in platform events, the team qualified 10 members in 6 different events for the State Tournament. Thank you to our Head Coach Selena Dong-Epley, Assistant Coaches Danica Sheres, Julio Mata, and Prem Kumar along with our student leaders for making this challenging and rewarding online season possible. The growth and success of this team would not have been possible without their many sacrifices, continuous support, and exceptional guidance.

STATE QUALIFIERS

Sophia Epley '21, Co-President of the team, qualifies for State in Lincoln-Douglas debate.

Trevor DePodesta '22 qualifies for State in Impromptu, the most popular speech event.
