Article VII: The State Tournament - Qualification and Eligibility

Section 1. Date:

- A. The date of the State Tournament shall be determined by the Board of Directors at the preceding Spring meeting. The preferred date for the State Tournament will always be the last full weekend of April or the weekend preceding the last full weekend of April.

Section 2. Competitive Year:

- A. The CHSSA competitive year is defined as the year beginning the day following the state tournament in a given year to the final day of the next state tournament; thus a competitive year covers the time from one state tournament to the next.

Section 3. Place:

- A. Any college campus of suitable location determined by the Board of Directors
- B. A site for the State Tournament should be submitted two years in advance by the Area responsible for hosting the tournament. The last date for this to transpire would be the Spring Board of Directors meeting two years prior to the date of the Tournament.
- C. If a site is unavailable or a cancellation occurs with the Area, the President of CHSSA or the Vice President Activities shall assume the task of locating a site. This may be at any suitable location within the State of California. A site should be submitted at the Board of Directors meeting following the announcement of an Area's inability to find a location or following a cancellation.

Section 4. Accommodations Policy for Individuals with Disabilities:

- A. Competitors requiring special accommodations must submit such requests in writing to the Vice President of Activities no later than the State entry deadline.
 - 1. The competitor's school shall be financially responsible for any costs incurred by CHSSA in meeting the needs of the student(s) or adult(s) representing said school.

Section 5. Distribution of Entrants in Events:

- A. Distribution of individual events entries: There shall be fifty-six entrants in each individual event held at the State Tournament. Eight of these entrants shall come from each of the four Areas.
 - 1. At the Spring Meeting of the Board of Directors every year, the Area Chairpersons in the committee shall recommend to the CHSSA President an allocation of the remaining seventeen entrants in each individual event using the following formula (Only those assessments received and recorded by the treasurer by March 31 of that school year shall be counted toward an area and leagues assessment totals):
 - a. The sum total of CHSSA assessments collected by CHSSA for the current year and the two immediately prior years shall be determined from records kept by the Treasurer and Area Chairpersons.
 - b. The sum total of CHSSA assessments collected within each Area for the current year and the two immediately prior years shall be determined.

- c. The Area total for each three-year period shall be divided by the grand total of all assessments for the three-year period. This shall yield a percentage total which shall be multiplied by seventeen, which total shall be added to the eight allocated to an Area to determine the total Area allotment. Area totals must be rounded up or down so that the total of all qualifiers allocated equals 49. (e.g.: percentage total = 0.25; $0.25 \times 17 = 4.25$; $4.25 + 8 = 12.25$; $12.25 - 12.0$ qualifiers)
- d. The final numbers may appear something like the following: Area 1 = 12.2 qualifiers Area 2 = 11.6 qualifiers Area 3 = 13.3 qualifiers Area 4 = 11.9 qualifiers e. A grid is laid out with each Area followed by twelve squares, the twelve squares representing one individual event of the twelve offered at the State Tournament. To accommodate the fractions of whole numbers, the Areas draw in turn making sure that no column added to more than 49 vertically. Each column is labeled A, B, C etc., and the letters are drawn to distribute the qualifiers. Then the letters are drawn naming at random all twelve individual events. The names of the individual events take the place of the A, B, C etc. at the top of the column.
2. In the absence of a unanimous recommendation in "1" above, the President shall make the final decision as to the allocation of remaining entrants to each Area.
3. A written summary of the decision and the reasons for it shall be sent to each Board of Directors member within two weeks after the meeting.
4. Bonus entries: A bonus of seven entries per existing individual event will be added (one panel), using the following formula (Appendix G: worksheet):
 - a. Based on the previous three years' State Tournaments and total league entries, the number of sweepstakes points earned shall be divided by the total number of allocated league entries.
 - b. This number is to be used to rank the leagues in order.
5. To be eligible to receive additional entry(ies) to an event at the State Individual Events Tournament, a League must average .5 sweepstakes points over the previous three (3) years in that particular individual event.
6. The seven (7) bonus entries shall be distributed to each eligible League, in rank order. Any remaining entry/entries shall be distributed to the Leagues with the greatest average wins per entry, in rank order. In the event of a tie, the tie will be broken in the same manner based on the previous four (4) years, five (5) years, etc. until the tie is broken.
- B. Distribution of Student Congress entries: There shall be ninety entrants in Congress plus twelve presiding officer entrants. Twenty-one entrants in Congress shall be allotted to each Area. Each League will be allotted one presiding officer entrant. A bonus of six entries for Student Congress will be added (one per House) using the following formula:
 1. Based on the previous three years' State Tournaments and total league entries, the number of sweepstakes points earned shall be divided by the total number of allocated league entries.
 2. This number is to be used to rank the leagues in order.
 3. The top six leagues shall each receive one bonus entry.
- C. Distribution of Policy, Public Forum, Parliamentary Debate, and Lincoln-Douglas Debate entries: There shall be sixty- four entries in Policy Debate, Public Forum, Parliamentary Debate, and Lincoln-Douglas debate. Each Area shall receive fourteen entries in each of these four forms of debate. In addition to these fifty-six entries, an additional eight bonus entries shall be distributed using the following formula:

1. To be eligible to receive additional entry(ies) to the State Debate Tournament, a League must average two (2) wins per allocated entry or better.
 2. The eight floating entries shall be distributed:
 - a. One to each eligible League.
 - b. Any remaining entry(ies) shall be distributed to the Leagues with the greatest average wins per allocated entry.
 3. Tie-breaker: In the event of ties between Leagues, the tie shall be broken on the basis of greater average wins per allocated entry in the four previous State Tournaments. If a tie still exists, the tie shall be broken on the basis of average wins per entry five years prior, six years prior, etc.
- D. Legislative intent regarding "allocated entries": For the purposes of the bonus entries, any averages will be calculated using the number of entries originally assigned to a league for that year, NOT the number of entries which actually compete at the State Tournament. This provision is designed to encourage leagues to fill all of their slots to the State Tournament by making it more difficult for leagues to receive bonus entries if they don't use all of their allocated entries.
- E. Distribution of entrants within each Area.
1. At the spring meeting of the Board of Directors every year the Area Chairpersons shall recommend to the President the allocation of qualifiers to the recognized leagues within each Area. Distribution within Areas may follow any guidelines including:
 - a. Geographical distances;
 - b. Population;
 - c. Continued educational development;
 - d. Potential growth;
 - e. Overall participation in forensic competition;
 - f. Sustained forensic competitive activity;
 - g. Financial assessments paid to CHSSA using the same process as described in "A" above.
 2. In the absence of unanimous recommendation of the entrants within an Area, the CHSSA President shall make the final decision as to the allocation of entrants to the recognized leagues within an Area.
 3. Each recognized League within an Area shall be allocated a minimum of one entrant in each State Tournament, provided the League meets the requirements of qualification retention in Section 4 below.
 4. A League may not relinquish all its qualifiers without a release signed by all League members.
 5. In the event that a League cannot fill its allocated slots or because slots become available for any reason including penalties, insufficient alternates to fill all available slots as they become available, or other reasons, those slots shall be re- distributed to other Leagues within the Area. If there is only one other League in the Area, the slots will be allocated to the remaining League. If there are three or more Leagues in the Area, the first slot will be allocated to the League with the most entrants at their state qualifier tournament in that event. Additional slots will alternate, with the 2nd slot going to the League with the 2nd most entrants at their state qualifier tournament. If more than 2 slots are available, the additional slots will alternate between the remaining Leagues. In the event of a tie, ties will be broken based on the procedures for allocating bonuses. Example: If Leagues A, B and C are in an area, and League A gives up 3 slots in Impromptu due to insufficient entry. 2 impromptu slots will be

given to the League with more entrants in their state qualifying tournament. One impromptu slot will be given to the remaining League. League Presidents will be required to report an accurate count of entries in each event based on the number of competitors that completed round 1 when they submit their qualifying entries and alternates. If a League misrepresents the number of participants, the matter will be referred to the executive committee, which may censure the offending League by stripping the League of as many qualification slots in that event for the upcoming year as they deem appropriate.

6. In the event that an entire Area cannot fill its allocated slots or because slots become available for any reason including penalties, insufficient alternates to fill all available slots as they become available, or other reasons, those slots shall be re- distributed to other Areas within CHSSA. The first slot will be allocated to the League with the most entrants at their state qualifier tournament in that event. Additional slots will alternate, with the 2nd slot going to the League with the 2nd most entrants at their state qualifier tournament. If more than 2 slots are available, the additional slots will alternate between the remaining Leagues. In the event of a tie, ties will be broken based on the procedures for allocating bonuses. League Presidents will be required to report an accurate count of entries in each event based on the number of competitors that completed round 1 when they submit their qualifying entries and alternates. If a League misrepresents the number of participants, the matter will be referred to the executive committee, which may censure the offending League by stripping the League of as many qualification slots in that event for the upcoming year as they deem appropriate.
- F. No motion to increase the number of entrants in the State Tournament in a particular event will be considered unless accompanied by answers to the following questions: 1. Revisions to the schedule necessary to facilitate extra entries. 2. How many more rooms will be needed? How will we provide those? 3. How many more judges will be needed? How will we provide those? 4. Additional logistical components required by addition. 5. Rationale for addition of this event or increase in entry numbers?

Section 6. State Qualification Tournaments

- A. Students shall be qualified to the State Tournament by participation in state qualification tournaments sponsored and managed by the recognized Leagues.
- B. League presidents by the January CHSSA meeting will have on file with the Vice- President Activities their league's procedures for administering their state qualifier(s). These procedures should include at minimum provisions for entry, paneling, tabulation and protest. In the event of a protest, the league will be held to these guidelines by the Protest Committee. In the event of a protest for which the submitted procedures do not apply, the Protest Committee will use the CHSSA By- Laws, to the extent possible, to rule on the protest. It will be the League president's affirmative duty to distribute copies of league procedures and CHSSA By-Laws to all member schools. In the event that a League chooses not to submit State qualification procedures, qualification tournaments shall be run according to the State Tournament rules as closely as possible.
 1. Single judges may be used in preliminary rounds if an insufficient number of judges is available.
 2. At least three judges shall be used in semi-final and final rounds of qualification tournaments.
 3. At least two preliminary rounds shall precede the final round in any event.

4. Fee schedules to cover the costs of tournaments and League expenses may be set by the sponsoring League.
 5. Suitable awards may be presented by the League.
 6. Rules for all events shall be the State Tournament rules as set by these Bylaws.
 7. The method of tabulation of event results shall be as close as possible to the method outlined for the State Tournament.
 8. Leagues may appeal 1-7 above to the CHSSA President.
- C. If a protest is launched, the coach will be contacted and will have 20 minutes to provide the script to the league protest committee. If the coach doesn't provide the script, the protest will be adjudicated without it, but please note: adjudication will be easier for the protest committee if the original source/script is available for the committee to review. See Article IX Section 5B for manuscript guidelines.
- D. Qualification retention: The standard minimum requirement for retention of state qualification from a state qualification tournament shall be the following:
1. Eight schools competing in the state qualification tournament as a whole.
 2. If a League cannot fill the number of qualifiers they have been awarded, or if a League loses a qualifier in an event due to an assessed penalty, then those unfilled slots will be given to other leagues within their Area as per rotation set up in Article VII, Section 5, Paragraph D2.
 - a. The League shall hold the tournament or event(s) to determine the qualifiers for that League. For example, if League X should have three qualifiers in oratory and there were fewer than five schools entered in oratory, League X would hold the event at the state qualification tournament to determine its top three contestants.
 - b. Immediately following the tournament the League president shall notify the Area Chairperson of the events in which there were too few schools entered.
 - c. The Area Chairperson shall immediately contact the president of a designated League that a run-off for qualifiers is necessary in the event(s).
 - d. A run-off for qualifiers shall be held between the League with too few schools entered and a designated League as indicated below:
 - AREA I GGSA > CFL > GGSA
 - AREA II CVFL > YFL > SoVFL > CVFL
 - AREA III TVFL > SCDL > WBFL > TVFL
 - AREA IV CBSR > OCSL > SDIVSL > CBSR
 - e. The run-off for qualifiers shall be held between the two Leagues, each having an equal number of entries in the event(s). The date, time, and place shall be arranged by the Area Chair. The League with too few schools entered shall send to the run-off students who would have qualified for the State Tournament. The designated League shall send an equal number of contestants in the event(s) to the run-off. The contestants from the designated League shall be the alternates already chosen for the event by that League.
 - f. The winners, equal to the number of qualifiers the League with too few schools entered would have received, shall qualify in the event(s). The Area Chairperson shall be notified of the winners via telephone. The Area Chairperson shall insure that the two League presidents are aware of the results.
 - g. If the run-off must be held after April 1, the winners shall be eligible to participate in the State Tournament.

- h. Should an alternate from the designated League become eligible for the State Tournament from their original League and has also qualified through the run off, that alternate shall represent their original designated League, drop their qualification position from the run-off, and the first alternate from the run-off would become a qualifier for the State Tournament.
- E. School Eligibility: All CHSSA member schools in good standing that have students qualified and who are members in good standing of recognized Leagues may be entered in the state qualification and State Tournament. Each school participating in a state qualification tournament must be guaranteed at least one entry in each event.
 1. No school shall be admitted to a state qualification tournament unless the school's CHSSA assessments are postmarked on or before two weeks prior to said state qualification contest. A league found to have allowed a non-CHSSA paid school to enter a qualifying tournament will be fined \$100 per event in which the school competed. The delinquent school's dues plus the late fee (as in Article 1. Sec 1, a.3), and assessed fines must be paid before any [of the delinquent school's] league schools are allowed to pass final registration at the State Tournament.
 2. The sponsoring League may set reasonable deadlines for submitting entries and entry materials to facilitate setting panels, rounds, judges and physical facilities.
 3. The sponsoring Leagues may set reasonable deadlines for payment of tournament fees.
- F. Student Eligibility.
 1. A student must physically reside in the state of California.
 2. A student fulfills residence eligibility requirements provided that they reside within the recognized school attendance area of their parents' or legal guardians' residence and they:
 - a. Enter the ninth grade of any CHSSA school from the eighth grade of an elementary or junior high, or

 - c. Enter a CHSSA school as a legally sponsored foreign exchange student.
 3. A student who first enters the ninth grade of any school following the student's completion of the eighth grade in any school may be eligible for competition during a maximum period of time that may not in any way exceed eight semesters of attendance at that school or any other school.
 4. A contestant must be a bona fide student at the school they represent at the state qualification tournament. Bona fide student means the student has not graduated and is enrolled in and passing at least four classes at the school they represent.
 5. No student or team shall be allowed to pass final registration at a state qualification tournament or the State Tournament unless accompanied for the duration of the tournament by a certified staff member from the school or an adult sponsor designated in writing by the school principal.
 6. Transfer students: For the purposes of interscholastic speech competition, eligibility of a student who transfers from one school to another shall be determined as follows:
 - a. for students who have not participated in interscholastic speech competition, a student transferring from School A to School B becomes eligible immediately.
 - b. for students who have participated in interscholastic speech competition:

1. A student who transfers from School A to School B as a result of change of residence by parents or guardians shall become eligible immediately.
 2. A student who transfers from School A to School B without a change of residence on the part of parents or guardians from the attendance area of School A shall become eligible at School B after one year.
 - a. Exception: School district mandated transfer.
 - b. Exception: Approved transfers from School A within the same school district.
 3. In addition to legitimate transfers as listed in this Article VII, Paragraph L, during grades 9 through 12, a student may transfer only once from one school or other school to another without affecting eligibility, unless material inducement such as scholarships have been offered to the student who is currently competing in interscholastic speech activities. In such a case, the student shall be ineligible for an academic year.
 7. The preceding rules regarding residence and transfer eligibility for participation in interscholastic speech activity shall be in force at all interscholastic League and/or CHSSA related activities held during a school year.
 8. Any student who competes for a college or community college is not eligible for high school competition. Students from different schools are not allowed to compete as a team at any state qualifying tournament or the State Tournament.
 9. The CHSSA President shall disqualify any school or student who violates the eligibility standards or residency requirements.
- G. School and Student Intent to Compete: No student or team shall be entered in a state qualification tournament unless the intention of the student(s) and coach is to compete for state qualification in the event entered. No student or team shall be entered in the State Tournament unless the intention of the student(s) and the coach is to compete for the state championship in all rounds of the event(s) entered. Violations of this demonstration of commitment to compete shall result in disqualification.
- H. Double qualification.
1. No student may double enter at the State Tournament.
 2. If an Area Chairperson is not notified of a student's choice of individual events, the Area Chairperson shall select the event for the student and notify the League president of the decision.
 3. No student may enter an event in a state qualification tournament in which they have previously qualified for the State Tournament during that school year.
 4. If the student has won the right to be an alternate at a state qualification tournament and at a later state qualification tournament wins the right to state competition in that same event, they lose the original status as an alternate.
- I. Certification of qualification tournaments and contestants.
1. The League president shall certify and forward complete results that qualified for the State Tournament to the Area Chairperson. The League president shall also forward complete copies of tabulation cum sheets of qualification tournaments and a list of participating schools. The Area Chairperson shall certify the results of the qualification tournament, determining that the qualification tournament was conducted properly and appropriately in compliance with CHSSA rules and regulations. This certification, with all requisite information as determined by the Vice

President Activities, shall be delivered to the Vice President Activities by the date and on the appropriate forms designated by the Vice-President Activities.

2. If a qualified student cannot attend the State Tournament, the Area Chairperson must be notified no later than 8:00 pm on the Wednesday prior to the State Tournament so that the proper alternate may be substituted. At no time should a coach notify an alternate; that is the Area Chairperson's duty. An alternate must be from the same Area as the contestant being replaced, first choice going to the alternate in the event from the League from which the contestant was dropped. Notification of non-participation must be provided on the appropriate form determined by the Vice-President Activities. Notification of non-participation may be provided at the State Tournament "on site" registration; however, no alternate shall be added at the State Tournament. All alternates must be determined and notified no later than 11:00 pm the day prior to the State Tournament.
3. If time permits the rerunning of a qualification tournament or any part of that tournament, the Area Chairperson may refuse to certify a tournament or parts thereof in cases of gross infractions of CHSSA rules. If time does not permit the rerunning of the tournament, the Area Chairperson may bring the matter to the next Board of Directors meeting for whatever action the Board of Directors deems necessary for the following year.
4. If the Area Chairperson refuses to certify the tournament as outlined in 3. above, the League president may appeal to the CHSSA President who may uphold or deny the appeal.
5. Entrants from a League that has not met financial responsibilities to the Board of Directors shall not be certified until those responsibilities are paid in full.

Notification of participation includes completed entry forms and a check or online payment for entry/judging fees. The judging fee shall be \$150.00. Checks must be school checks, money orders, or cashier's checks. Entry fees for contestants dropped from the State Tournament less than two weeks before the State Tournament will not be refunded. Schools with more than six entries must provide a qualified judge for each additional six entries or fraction thereof (e.g.: 7-12 entries = 1 additional judge; 13-18 entries = 2 additional judges). Schools that fulfill their judging obligations will have their judging deposit applied to the CHSSA assessment fee for the following year, unless a written request for refund is submitted by their school site administrator.

Competitors must also present a printed manuscript to be used in the case of a protest, but presenting a printed copy of a website is not alone sufficient to prove that a digital printed publication is publicly accessible.
 - c. PDFs are permitted as long as the website from which the PDF is retrieved or purchased is publicly accessible for viewing or purchase by a simple internet search or by a URL not requiring passwords or access codes. Competitors must also present a printed copy of the PDF to be used in the case of a protest, but presenting a printed copy of the PDF is not alone sufficient to prove that a PDF is publicly accessible.

An official transcript is one approved by the original source's producer, licensing agent, or copyright holder. As long as approval has been granted, an official transcript may be obtained through the aforementioned parties or through an official transcription service such as TranscribeMe, Scribie, or iScribed, which use non-automated, manual transcription.

- f. With the exception of Program Oral Interpretation, contestants may not combine two or more pieces of literature. A piece of literature shall be defined as one piece of writing which was written with the intent to be published as one work.  - h. If material from other published works is specifically referenced within the literature selected for interpretation, the words must be counted as part of the 150 added word limit and be inserted where spoken, underlined and properly cited according to MLA guidelines.
2. Delivery:
- a. Costumes or props (the use of something extraneous to the body) are prohibited. Although gestures or pantomime may be used, they should be used with restraint.
 - b. With the exception of Program Oral Interpretation, the interpretation must be delivered from memory; no notes, prompting, or scripts shall be permitted.
 - c. Contestants must adhere to the material as submitted when performing during all contest rounds. Lines intentionally omitted from the script but added to the performance will lead to disqualification.
 - d. The performance must begin and end from the center stage area. Contestants must remain in the staging area throughout the performance.
3. Time:
- a. Presentations shall be no longer than ten minutes; there is no minimum time. If this time limit is exceeded by more than 30 seconds, the speaker will be penalized by a lowering of one rank by tab room officials.
 - b. For each final round, a tournament official or designee shall serve as the official timer, and will have the discretion of waiving time violations for contestants exceeding the time limit due to audience reactions. This may be extended to the semi-final round at the discretion of the Tournament Director or designee.
4. Identification of the Selection: The title of the selection and name of the author must be given by the contestant when the selection is introduced. (For Declamation, see

specific rules). Failure of a contestant to introduce the selection as prescribed shall result in being penalized not more than one rank by tab room officials.

B. Specific Rules for Interpretation of Literature Events:

1. Dramatic/Humorous Interpretation:

- a. Single or multiple character selections may be used.

2. Duo Interpretation:

- a. Duo partners may not make eye contact with one another during the interpretation. In the event of eye contact, the duo will be penalized by no more than one rank by tab room officials. Eye contact during the introduction is optional, but allowed.
- b. The partners may react to each other's verbal and/or non-verbal expressions, but they may not touch each other. If physical contact is noted as a violation, the duo will be dropped one rank. If the physical contact is determined to be intentional, the duo will be given last place in the round. These penalties will be assessed by tournament officials. Physical contact between the partners during the introduction is optional.
- c. Each of the two performers may play one or more characters so long as performance responsibility in the cutting remains as balanced as possible. If the selection is prose or poetry and contains narration, either or both of the performers may present the narration. Introductory and/or transitional material may be presented by either or both contestants.
- d. The material may be humorous or dramatic, or combine both tones depending on the selected work.

3. Declamation:

- a. The selection must be from a published speech which shall have been delivered as a public address by a real person; however, speeches given by high school or college students in competition shall not be permitted. Public address is defined as a formal spoken communication, a formal speech, a formal oral communication to an audience. Synonyms include "lecture," "oration," and "speech." While orations take many forms, a public address is distinct from a stand-up comedy performance, a poetry "slam", or storytelling.
- b. Identification of the Selection: The author, title (if given), occasion, place and date of the original delivery of the speech shall be given by the contestant when the selection is introduced. Failure of a contestant to introduce the selection as prescribed shall result in being penalized by the lowering of not more than one rank by tab room officials.

4. Program Oral Interpretation:

- a. Delivery: Using a handheld manuscript, the contestant is to present a program of interpretation that combines original composition with oral interpretation using a minimum of two literary selections illustrating a theme/thematic statement of their choice. No contestant may use the same theme that they used in previous competitive years. Speakers using a theme that they used in competition in previous years shall be disqualified.
 - 1. Each program is to contain two or more separate selections or cuttings from different works. At least two pieces of literature that represent at least two separate genres must be used. Competitors are encouraged to devote approximately equal times to each of the genres used in the program. This distinction pertains to these two or three genres as a whole, not types of literature within a genre (such

as fiction/nonfiction). Prose expresses thought through language recorded in sentences and paragraphs: fiction (short stories, novels) and non-fiction (articles, essays, journals, biographies). Poetry is writing which expresses ideas, experience, or emotion through the creative arrangement of words according to their sound, their rhythm, their meaning. Poetry may rely on verse and stanza form. All selections must be verbally identified by title and author. Anthologies may be considered multiple sources.

3. The intact manuscript may be used by the contestant as a prop so long as it remains in the contestant's control at all times. Other than the manuscript, no costumes or props are permitted. The contestant's handheld manuscript must contain only text from the selections and original materials and shall contain nothing else, including, but not limited to, any materials that would be intended for use as a visual aid.

3. Judges' preference in the final round
4. Highest total of the reciprocals of the ranks in the final round.

5. Highest total of the reciprocals of the ranks in all rounds. If ties still exist, duplicate awards shall be given to the tied contestants.

Section 7. Errors

- A. Individual judge's ballots without signatures shall be made accessible to coaches after round two and each succeeding round through the final round. The purpose of the posting is to allow coaches to check for errors in recording results.
- B. The results of preliminary and semi-final rounds shall be posted in an area designated only for coaches. The purpose of the posting is to allow coaches to check for errors in tabulation.
- C. Any error shall be immediately reported by the coach of the contestant(s) concerned to the appropriate Area Chairperson or persons designated to receive such reports. Such notification must be made prior to the start of the subsequent round of the event in order that any errors may be rectified prior to the continuation of the tournament.
- D. Inadvertent clerical errors in tabulation shall not void the contest. If errors occur and can be corrected before the next round begins, this correction shall be made. If the correction or inadvertent clerical error would force a re-running of any round or rounds, the correction shall not be made. In cases of unforeseen, uncorrectable errors, the President, Vice President Activities and/or appropriate Area Chair shall be authorized to make an appropriate apology.
- E. A round shall not be rerun due to timing errors that occur during the rounds.

Article XI: The State Tournament - Debate Rules

Section 1. Rules for All Forms of Debate

A. Enforcement

1. In ruling on protests for violation of debate rules set forth in this Article, the Protest Committee shall consider the total facts and circumstances associated with the violation including whether it
 - a. was intentional or unintentional,
 - b. was unethical and/or dishonest,
 - c. would be considered abusive
 - d. was intended to obtain an unfair advantage in the debate-
 - e. violates the purpose behind a rule in addition to its express language, and the degree of prejudice resulting to the opponent from the violation.
2. Unless another penalty is included in any specific rule, the Protest Committee is empowered to impose any of the following penalties:
 - a. warning and/or reprimand, including a statement of clear consequences for a repeated violation.
 - b. require the round be repeated under terms considered fair and just by the Committee
 - c. impose a loss on the debater(s) in violation
 - d. Disqualification
3. Debaters may not make an agreement among themselves or with the judges to modify the rules in this article. Judges should not direct students to deviate from these rules or encourage students to violate them.

B. Definition of 'Round'

1. A round shall begin in Policy Debate, Lincoln-Douglas Debate, and Public Forum Debate when the first speaker in the debate begins their speech, and shall end when the last speaker in the debate ends their speech.
2. In Parliamentary Debate a round shall begin when the resolution for the round is released and the round ends when the last speaker in the debate ends their speech.
3. Debate Both Sides of Resolution as Assigned. Over the course of the tournament, each team or individual in Policy Debate, Parliamentary Debate, Public Forum, and Lincoln-Douglas Debate may be assigned to uphold either side of the resolution in any given round.

C. Definition of 'Speech Time'

1. Except for roadmaps, speech time begins as soon as the debater begins speaking. Thank-you's count toward speech time.
2. Roadmaps do not count toward speech time, so long as:
 - a. The roadmap is not to be argumentative in nature;
 - b. The roadmap does not exceed 15 seconds.

D. Restriction of Communications

1. During a round, a debater shall not communicate through any method with anyone other than that debater's partner (if applicable), the opposing debater(s), and the judge(s).
2. Oral prompting, except time signals, by the debater's partner while the debater has the floor, is discouraged though not prohibited and may be penalized by some judges.
3. A debater may, however, refer to their notes and materials and may consult with their partner while both they and their partner do not have the floor.

E. Electronic Retrieval Devices

1. A computer is defined as a laptop, netbook, iPad, or other portable electronic retrieval equipment. Devices such as flash drives or external hard drives are not considered computers.

2. Once the first speaker in the debate begins their speech, Cellular phones may be used during the round for the exclusive purpose of functioning as a timer (device must be put into airplane mode, and be incapable of receiving or sending correspondence). Penalty for violation of this rule shall be automatic forfeiture of the round by the offending side. Students must make all cell phones used as timers available for inspection by judges and/or tournament officials upon request. A cell phone used as a timer shall not be counted as one of the computers/electronic retrieval devices allowed in a specific debate event.
 3. Debaters shall not have access to or activate any electronic retrieval devices during the round, except those explicitly allowed by this article.
- F. Validity of Evidence
1. Definition of Terms:
 - a. Evidence is quoted information read in the round and must be identified by source.
 - b. Distortion of evidence exists when the evidence itself contains added or deleted words that do not clarify, but, in fact, change the position of the author with respect to the issues in question.
 2. Responsibility for Evidence. Debaters are responsible for the validity of all evidence read in the debate. In all rounds of debate, all debaters shall have available, if challenged by the opponent during any round, complete citations for each piece of evidence introduced including the name of the author, qualifications, complete source title, complete date and page number. Lack of a full citation shall void any effect of that piece of evidence in the round. Either no internal ellipsis (ellipses occur after the first word of the quotation and before the final word) may be used in evidence cited on a card (this must be the case in Parliamentary Debate because no outside materials other than notes on provided colored paper may be brought into the round), or ellipses must be shown on document, if the original source or a photocopy is present. In Policy Debate, Lincoln-Douglas Debate, and Public Forum Debate the evidence may be read in ellipsed form, but the entirety of the evidence must be available in one of the two ways cited. Personal letters, electronic messages, telegrams, and the like are not admissible as evidence.
 3. Evidence challenges – all forms of Debate.
 - a. The burden of proof rests with the individual that challenges the validity of any evidence.
 - b. The individual/team challenging evidence must indicate prior to the conclusion of the round that a challenge will be made and indicate the specific evidence to be challenged.
 - c. The round will be completed and the judge(s) will withhold decisions, returning ballots to the tournament tabulation room. Decisions will be rendered on the ballots only after the protest has been resolved by tournament officials. The judges may be asked if the evidence in question was or would have been significant in their decision.
 - d. The evidence challenge must be made within thirty minutes of the conclusion of the round by the adult sponsor or designated representative of the individual/team who initiated the challenge.
 - e. The challenging individual/team must be able to provide proof of the charge, within a reasonable time as set by tournament officials, through the use of either original copies of photocopies of the source in question or be able to demonstrate that there is reasonable cause to believe the evidence is nonexistent through the use of photocopies of books in print, periodical guides or other types of bibliographical resources.
 - f. The tournament committee will adjourn to a private area with the two individuals and examine the charges and evidence along with materials presented by the challenging individual. Adult coaches or sponsors may be present during the examination.
 - g. Individuals utilizing "handbook" evidence rarely have available the facilities to check all sources found in those handbooks. Handbook evidence proven

- inaccurate will be disallowed in the round, and judges instructed to not consider the evidence in rendering a decision.
- h. Evidence proven to be falsified or distorted from the original source will be grounds for awarding the challenging individual/team a win and disqualifying from the tournament the individual/team found guilty of using falsified or distorted evidence.
- i. If the evidence challenge is not upheld, the judges will be asked to render a decision and turn in their ballots after they have been informed that the evidence in question was not found to be falsified or inaccurately presented.
- j. The tournament committee has one-half hour to hear arguments and examine evidence and must render a decision within fifteen minutes of the conclusion of the presentations. The round following the contested round may not begin until the dispute is resolved.
- 4. Evidence Exchange/Note-Taking.
 - a. Judges may not request nor be given any evidence or written material from teams/individuals except when the evidence is challenged as illegal by the opposing team/individual during the round. The evidence in question should be collected by the judge and delivered to the Tournament Committee.
 - b. In Policy Debate, Lincoln-Douglas Debate, and Public Forum Debate, teams or individuals may request evidence from opponents during cross examination/cross-fire or preparation only. The specific evidence cited must be provided. The requesting team must have access to the evidence during their subsequent speech, but must return it at the conclusion of that speech if requested. In Parliamentary Debate, the opposing debaters may ask to see the debaters' notes containing any cited material as part of a Point of Information and the team reading the cited materials must show the handwritten notes, with citation, upon such request.

 2. A speaker's time begins as to any given speech when they begin to speak. All speaking, including "thank yous," is timed in line with the appropriate speech, with the exception of off-time roadmaps, given prior to the start time for a speech, under the condition of the following circumstances:
 - a. The roadmap is not to be argumentative in nature;

Any of these must be agreed upon by both debaters in a given debate prior to the start of that debate.
 5. Any other use of the Internet, whether for other communication, searching, etc. is forbidden. Evidence acquired from the Internet during the round, other than as permitted above, is invalid. Debaters shall not explicitly encourage judges to acquire evidence from the Internet.
 6. The debaters are permitted to provide to a judge in digital format (e.g., CD, USB drive, flash drive) prior to the beginning of the round, for the sole purpose of, and as the most efficient way to demonstrate that questioned evidence was not acquired during the round via the Internet. Competitors are strongly encouraged to follow this practice.
- F. Cross-Examination
1. The questions must be directed to the speaker who has just completed their constructive speech and must be answered by that speaker alone.
 2. Questions must pertain only to materials and arguments presented by the respondent.
 3. The respondent may decline to answer only if a valid reason is given for doing so.
 4. The questioner controls the time and may interrupt a lengthy reply. Time-wasting is considered unethical.

- E. Round Rules
1. Value debate: No plan may be presented by either debater. A plan is defined as a formalized, comprehensive proposal for implementation.
 2. Judges should disregard new arguments introduced during rebuttal speeches. Judges should only allow new responses during rebuttal speeches if those responses address an argument first made in the immediately preceding speech. New analysis of prior arguments is allowed in rebuttal speeches.
 3. Each debater is allowed two computers, one printer, and one electronic timing device
 4. Debaters shall be permitted to access the Internet for the sole purpose of file sharing with their opponent.  2. The two partners may communicate with each other. Debaters are also allowed to communicate with tournament officials to clarify tournament logistics. Other than that, debaters are not allowed to communicate with anyone by any means during preparation time.
 3. During preparation time, debaters may consult both physical and electronic copies of any material, including both prepared notes and published sources. Debaters may use computers and the internet to store and to retrieve this material.
- E. Round Rules
1. There is no preparation time between speeches. The next speaker must begin their speech (or their roadmap) within 20 seconds following the preceding speech.
 2. Debaters are not allowed to access computers during the round after preparation time has ended.
 3. After preparation time has ended, a debater is not allowed to access any written material except notes that were handwritten on paper by the debater or their partner after the resolution was announced.
 4. Judges should disregard new arguments (including new responses) during rebuttal speeches, regardless of whether a Point of Order was raised. The exception is that the PMR may respond to new arguments made in the MOC. New analysis of prior arguments is allowed in rebuttal speeches.
- F. Points of Information
1. A Point of Information (POI) is a single short question or statement addressed by a member of the opposing team to the debater who has the floor.
 2. The debater who has the floor may accept or decline each POI at their discretion. Follow-up POIs are only allowed if separately recognized by the debater who has the floor.
 3. POIs come out of the speech time of the debater who has the floor, so time should not be stopped for a POI. Each POI may not exceed 15 seconds.
 4. POIs are only allowed in constructive speeches. POIs are not allowed in the first or last minute of any speech.
- G. Points of Order
1. A debater may raise a Point of Order if they believe that the opposing team is bringing up a new argument in a rebuttal speech. Points of Order may not be used for any other purpose.
 2. Points of Order are not allowed during constructive speeches but are allowed at any time during rebuttal speeches.
 3. To raise a Point of Order, the debater shall state "Point of Order." Time should then be immediately stopped. The debater then has 15 seconds to explain why an argument made by the opposing team is new.
 4. The opposing team then has 15 seconds to respond to the Point of Order. Once the response is finished, time should immediately resume.
 5. Debaters should not use Points of Order as a tactic to disrupt their opponent's speech.
 6. Judges should not announce their rulings on Points of Order during the round.

H. Evidence

1. The intent of Parliamentary Debate is to encourage extemporaneous argumentation. Debaters should primarily rely on logic and general knowledge. Reference to published sources is allowed but should be limited.
2. A debater may refer to information from a published source during their speech. The debater must transcribe the full quotation this information is based on. The transcription must be done during preparation time, by hand, and without ellipses. The debater must then write down the citation and must say the citation during their speech. To the extent that these are provided by the original source, the citation should include the name(s) of the author(s), the source title, and the publication date.
3. The team which refers to information from a published source must show the opposing team the sheet of paper containing the quotation and citation if requested. The request can be made during a POI.

I. CHSSA State Tournament Logistics

1. Resolutions for each shall rotate through the following types:
 - a. Value: Both sides push for their value in the topic as superior to the other team's value.
 - b. Policy: Proposition shows there is a problem and offers a solution (plan) to the problem. Both sides debate the appropriateness and/or merits of the problem and solution asserted by the Proposition.
 - c. Fact: Both teams debate the circumstances under which the topic would be called a true statement
2. The topics for each round will be in a distinct topic area not to be used in any other round for the duration of the tournament. The topic areas and resolution type by round will be determined by the Debate Committee and communicated to the tournament director at the January meeting. Only topic areas will be announced at the January meeting. At least five resolutions based on each topic area will be written by the tournament director or designee and vetted by at least three members of the debate committee prior to the start of the state tournament. These individuals shall be selected by the Debate Committee Chair from members of the Debate Committee that do not have any Parliamentary Debate teams entered at the State Tournament, using any criteria the Debate Committee Chair deems appropriate. If there are not at least three eligible members of the Debate Committee based on the foregoing, then the Debate Committee Chair may make up the shortfall by selecting a non-Debate Committee Member familiar with debate that has no Parliamentary Debate entries at the State Tournament. Three final resolutions will be selected for each topic area and placed into a sealed envelope by round to be used in a blind draw for topic selection each round.
3. The tournament director may determine the location(s) where debaters should be present during preparation time.
4. The two members of a team who qualify to the State Tournament from a league state qualification tournament must debate as a team in the State Tournament.
5. Please note: CHSSA cannot guarantee access to wireless internet or electrical outlets in a tournament space and it is the duty of the debaters to ensure appropriate access.

 3. Debaters may not use preparation time to make prefacing remarks to their speeches.
 4. Debaters may not forfeit cross-examination time to gain additional preparation time.
 5. Preparation time begins for a debater as soon as the other debater has finished with a speech or cross-examination.
- E. Round Rules
 1. Over the course of the tournament, each Public Forum team may be assigned to uphold either side of the resolution in any given round.
 2. The Pro defends a case to support the resolution. The Con opposes the Pro case.
 3. In Public Forum debate a plan is defined as a formalized, comprehensive proposal for implementation. Neither the Pro or Con side is permitted to offer a plan or counterplan; rather they should offer reasoning to support a position of advocacy. Debaters may offer generalized, practical solutions.
 4. On both sides, the Summary (First Rebuttal) is given by the first Pro speaker and the Final Focus (Second Rebuttal) is given by the second Pro speaker.
 5. Judges should disregard new arguments introduced during Summary and Final Focus speeches.  9. Any other use of the Internet, whether for other communication, searching, etc. is forbidden. Evidence acquired from the Internet during the round, other than as permitted above, is invalid. Debaters shall not explicitly encourage judges to acquire evidence from the Internet.
- F. Cross-Fire Rules
 1. The format is intended to be question and answer and comments by debaters are restricted to advancing questions or answering an opponent's question.

2. Students should conduct themselves in a civil and professional manner during the cross-fire – cross-fire is intended to help clarify the debate for the judge and is not intended to be a verbal brawl.
3. In cross-fire, the team who finished speaking receives the first question.
4. In the first two cross-fires, both participating debaters may ask and answer questions of the other. Only the speakers indicated above may participate.
5. Grand Cross-fire: All four debaters may participate. All may ask and answer questions.

Section 6. Generative Artificial Intelligence

- A. Generative artificial intelligence should not be cited as a source; while something like ChatGPT may be used to guide students to articles, ideas, and sources, the original source of any quoted or paraphrased evidence must be available if requested. Students are prohibited from quoting or paraphrasing text directly from generative AI sources like ChatGPT in events in which speeches must be the original created work of a competitor.

Article XII: The State Tournament - Debate Tabulation

Section 1. Drawing of Byes

- A. If the tournament is paired according to the procedures outlined in this Article, no byes should be necessary. If some unforeseen circumstance occurs (i.e. fewer than 64 teams/individuals competing in Round 1, a team dropping from the tournament due to illness, the awarding of double wins as a result of a protest, etc.), it may be necessary to draw byes in preliminary rounds. If this is the case, byes should be drawn from the lowest ranked bracket that has an odd number of entries, so as to best maintain the integrity of each bracket through the tournament. If a bye is necessary in round one, it should be drawn at random.

Section 2. Preliminary and elimination rounds

- A. Rounds 1-4 - Preliminary rounds: All teams or individuals shall debate in rounds one, two, three, and four.
- B. At the conclusion of round four all teams or individuals shall be ranked according to the following criteria, and the top sixteen teams/individuals shall continue to octo-finals.
 - 1 Number of ballots won
 - 2 Number of debates won (both judges, not a split decision)
 - 3 Number of ballots won by all four Opponents faced
 - 4 Number of ballots won by Opponents who split with them
 - 5 Number of ballots won by Opponents who defeated them
- C. Octo-finals, quarterfinals, semifinals, finals - Single elimination: Beginning in the octofinal round, elimination is automatic for losing teams or individuals, regardless of prior won-loss record.

Section 3. Pairing debates.

- A. Teams or individuals in round one shall be matched by chance with teams or individuals from an Area other than their own.
- B. After round one and prior to octofinal rounds, shall be matched against opponents with the same record of ballots won.
- C. If pools of students with the same record have an odd number of teams/individuals, an entrant shall be drawn up from the lower pool to be paired with a member of the higher pool. The entrant to be pulled up shall be randomly chosen from those who;
 - 1. need to compete on the side less represented in the higher pool, and
 - 2. have not lost while debating on that side. If no entrant fulfills the second condition, the draw shall be made from those who fulfill the first condition.
- D. Sides: In tabbing on cards use the following procedure: On a table place at the left after round one the tabulation cards of the teams or individuals which have had more negative debates and therefore should debate affirmative the next round. Place these cards face down. On the right place the cards of those who have had more affirmative debates and therefore should debate negative the next round. Hold back the cards of any teams or individuals that have had an equal number of affirmative and negative sides, using a normal rotation. If the piles of affirmative and negative cards are not equal and it is necessary to draw cards to uphold a given side of the question twice, draw first from the cards which have won on that side in the preceding round to even the piles. To draw, turn the cards of the eligible competitors face down and let someone pull the necessary number of cards.

- E. If tabbing on a tabulation software use the following procedure: Generate a pairing for the following round and first check that there are no avoidable pull ups. If there are avoidable pullups locate a paired debate with the same seeding mismatch and swap the higher seeded teams to debate each other and the lower seeded teams to debate each other. If possible assign each team to the side that they have debated less. If this is not possible for all teams, prioritize assigning the teams who have the greatest imbalance of assigned sides first. Next pull up the screen to see side balance and check if there are teams who have debated more Affirmative rounds debating on the Affirmative and teams who have debated more Negative rounds debating on the Negative. If possible, obeying all other pairing constraints and preserving the bracket, adjust sides by swapping different teams who are on an unbalanced side.
- F. Precedence in Pairing. In round one competitors should be distributed Affirmative or Negative randomly. Starting in round two teams should be given the side they have either not debated or have debated the least respecting restrictions in terms of not breaking the bracket. Generate a pairing and check for side balance and bracket integrity, avoiding pullups where possible. Then check the pairing noting the following priorities and shift the pairings to avoid:
 - 1. The meeting of teams or individuals from:
 - a. The same schools prior to the final round.
 - b. The meeting of teams or individuals that met previously in the tournament.
 - c. The meeting of two schools from the same league.
 - 2. Each priority stands until all possibilities for it have been exhausted and the next priority is applied.
- G. The sides for elimination rounds shall be determined by a coin toss as generated by the tabulation software or through another means established by the Tournament Director, unless the teams or individuals have previously met. Rounds must begin on the designated start time on the pairings.
- H. In quarter/semi-final rounds:
 - 1. Before the fifth round (octo-finals) all teams/individuals shall be ranked based on:
 - a. Number of ballots won
 - b. Number of debates won (both judges, not a split decision)
 - c. Average seed of opponents faced as calculated to that point
 - d. In the event of an unbreakable tie, the Tournament Director can break the tie through random selection; this can include: a coin flip, a random number generator, random selection features built into tabulation software, etc. The Tournament Director may elect, at their sole discretion, to break a tie between any two debaters or teams by means of a runoff round instead of a random factor. The Tournament Director may elect to choose different methods of tie break listed above for different rounds or events within the same tournament.
 - 2. The top-ranked team/individual will receive a #1 seed. The next fifteen teams/individual will receive the seed respective to their ranking (#2 for second-highest rank, #3 for third, etc.) down to #16. Teams ranked lower than 16th shall not continue in the tournament.
 - 3. The sixteen seeded teams shall be placed in a bracket, in which #1 meets #16, #2 meets #15, etc. See Appendix AA. Placement in the bracket shall not be adjusted for any conflicts (prior opponents, same school conflicts, etc.)

4. Losers of any single-elimination round are eliminated from the tournament. Winners of each round advance along their branch of the bracket. Results of any elimination round shall not cause a team to jump to a different branch of the bracket.
5. The sides from octo-finals on shall be determined by a coin toss immediately preceding the round when both teams or individuals and judges are present (unless the teams or individuals have met previously in the Tournament).
6. In the semifinal round, the highest remaining seed will debate the lowest remaining seed. The other two seeds debate in the other semifinal round. If this results in a pairing wherein a contestant is scheduled to debate an opponent from the same school, the lower seeds should swap opponents. If this adjustment yields a new, similar conflict, then the original pairings will be used for the semifinals.
7. If the two teams/individuals in the finals are from the same school, the coach may decide if the teams/individuals will debate each other. If they do not debate, the coach shall decide the winner.

Section 6. Ballot Review

- A. Ballots for all debate events shall be made available for coach review after round four and at the conclusion of each round thereafter. Only coaches may review the ballots. No ballots or ballot comments may be copied or removed from the review room. The purpose of review is to determine errors in recording results. If ballots are made available in electronic form, a review area with computers should be made available for coaches, since some coaches may not have accessible technology.

Section 7. Reporting of Errors

- A. Any error should be immediately reported by the coach of the team or individual concerned to the appropriate Area Chairperson or persons officially designated to receive such reports. Such notification shall be done prior to the start of the subsequent round of debate in order to rectify errors.

Section 8. Tabulation Errors

- A. Inadvertent clerical errors in tabulation shall not void the contest. If errors occur and can be corrected, this correction shall be made.
 - 1. If a decision is found to be misrecorded, each team/individual remaining in the tournament shall have its won-loss record restored to the correct record. From that point on, each team/individual remaining in the tournament shall be paired according to its corrected record.
 - 2. If correcting a team's/individual's record would cause it to receive a second loss, that team/individual shall immediately be considered to be eliminated from the tournament. From the moment of the discovery of the error, this team/individual cannot eliminate another team/individual from the tournament. However, any teams/individuals wrongfully eliminated prior to the discovery of the tabulation error shall remain eliminated from the tournament.
 - a. If a round is taking place involving a team/individual with a corrected record of two losses, the tab room shall record the result of that round as a win for the opposing team/individual. This correction shall be made even if the round is completed, up until the time of the posting of the drops subsequent to that round.
 - b. If the drops have already been posted for the round involving the team/individual with a corrected record of two losses, and that team/individual won their round, eliminating another team/individual, but the pairings for the next round have not been posted, every effort shall be made to find the wrongfully eliminated team/ individual and restore them to the tournament. If they cannot be found, the team/individual with a corrected record of two losses shall still be eliminated from the tournament.
 - c. Under no circumstances shall a wrongfully eliminated team/individual be restored to the tournament after the round subsequent to their wrongful elimination has begun (e.g., a team may not "skip" a round and be returned to the tournament field).
 - 3. Other than in the specific situation outlined in (2) above, wins and losses accumulated by teams/individuals with misreported records, as well as wins and

losses accumulated by the opponents of teams/individuals with misreported records, shall stand as corrected recorded. While a mismatch of teams/individuals based on corrected records is an unfortunate circumstance, the decisions made by the judges in these rounds shall not be altered.

- B. If the correction or inadvertent clerical error would force a re-running of any round or rounds, the correction shall not be made. In cases of unforeseen, uncorrectable errors, the President, Vice President Activities and/or appropriate Area Chair shall be authorized to make an appropriate apology.

Article XIX: Policy Against Harassment

Section 1. Policy Against Harassment

- A. The California High School Speech Association ("CHSSA") strives to provide an atmosphere of mutual respect so that its members, participants, judges, and coaches may have the opportunity to pursue excellence in their endeavors.
- B. CHSSA is committed to providing a safe environment for its participants, judges, coaches, and members, as well as for parents, observers, CHSSA board members, employees, officials and volunteers. Sexual, physical or emotional abuse or harassment in any form by any CHSSA participants, coaches, judges, parents, observers, CHSSA board members, employees, officials or volunteers is unacceptable and will not be tolerated.
- C. Harassment includes verbal, physical, and visual conduct that creates an intimidating, offensive, or hostile environment or that interferes with an individual's performance.
- D. Harassing conduct can take many forms and may include, but is not limited to, the following: slurs, jokes, statements, gestures, assault, impeding or blocking another's movement or otherwise physically interfering with normal movements, pictures, drawings, or cartoons, violating someone's "personal space," foul or obscene language, leering, stalking, staring, unwanted or offensive letters or poems, offensive email, text, or voicemail messages.
- E. Sexually harassing conduct in particular may include all of these prohibited actions, as well as other unwelcome conduct, such as requests for sexual favors, conversation containing sexual comments, and other unwelcome sexual advances. Sexually harassing conduct can be by a person of either the same or opposite sex. Sexually harassing conduct need not be motivated by sexual desire to be violative of this policy.
- F. Harassment includes child abuse. Child abuse can include physical contact – or the threat of it – that intentionally causes bodily harm or injury to a child (any individual under the age of 18). This may include, for example, hitting, shaking, kicking, shoving, forcing a participant to compete when ill or injured, or mandating excessive practice or training as a form of punishment. It may also include touching for the purpose of causing sexual arousal or gratification that involves a child, rape, fondling, exhibitionism and sexual exploitation. It may also include chronic attacks on a child's self-esteem, such as psychologically destructive behavior consisting of ridiculing, screaming, swearing, racist comments, threatening, stalking, hazing and isolating an individual.
- G. All members of and participants in the organization, as well as coaches, judges, parents, spectators and other invitees are expected to observe and adhere to the following principles:
 - 1. Abuse or harassment of any kind will not be tolerated within the organization. This means CHSSA does not accept physical, sexual, emotional or verbal abuse, harassment or similar misconduct from any person towards students, participants, members, staff, judges, coaches, officials, volunteers, parents, spectators or any other persons while they are participating in or preparing for events or activities conducted or sponsored by CHSSA.
 - 2. Physical and sexual abuse, including, but not limited to, striking, hitting, kicking, biting or wanton gesturing, lewd remarks, indecent exposure, unwanted physical contact, any form of sexual contact or inappropriate touching, are strictly prohibited within the organization and as a part of its events and activities.
 - 3. Emotional abuse or verbal abuse is also prohibited. This may include, but is not limited to: yelling, insulting, threatening, mocking, demeaning behavior or making abusive statements in regard to a person's race, gender, religion, nationality/ethnicity, sex or age. Emotional abuse does not include controlled and disciplined verbal

communication that is generally accepted in speech and debate activities as a reasonable method of coaching or teaching the activity.

- H. CHSSA recommends taking the following precautions to help ensure a safe environment for all members, staff, volunteers, coaches, officials, and participants:
 - 1. CHSSA strongly advises that no adult person allow him/herself to be alone with a child or with any group of children in a private setting during or while they are participating in sponsored activities of CHSSA. In particular, we recommend that coaches or other adult members of the organization:
 - a. Do not drive alone with a child participant in the car who is not your child.
 - b. Do not take a child alone to classrooms, bathrooms, or any other private room.
 - c. Provide one-on-one training or individual coaching with the assistance of another adult or participant.
 - d. Have private conversations with youth participants within view of others instead of a private office.
 - e. Do not socialize individually with the participants outside of sponsored activities.

Section 2. Reporting and Investigating Harassing Conduct

- A. CHSSA is committed to the enforcement of this policy. CHSSA understands that victims of harassment are often embarrassed and reluctant to report acts of harassment for fear of being blamed, concern about being retaliated against, or because it is difficult to discuss sexual matters openly with others. However, no individual should have to endure harassing conduct, and CHSSA therefore encourages individuals to promptly report any incidents of harassment so that corrective action may be taken. Any incidents of harassment should be reported immediately to the CHSSA Board President in writing (email acceptable), who is responsible for investigating harassment complaints. Supervisors and managers who receive complaints or who observe harassing conduct should immediately inform the President so that an investigation may be initiated.
- B. Every reported complaint of harassment will be investigated thoroughly and promptly by an assigned committee appointed by the Executive Board. Complete confidentiality cannot be guaranteed, but the investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.
- C. CHSSA will not tolerate retaliation against any individual for making a good faith complaint of harassment or for cooperating in an investigation.
- D. Individuals who are found to have violated this policy will be subject to the full range of sanctions and consequences, including exclusion from events or tournaments, removal from the tournament premises, suspension or expulsion from the organization and revocation of awards or honors.
- E. Any person accused of sexual or physical abuse may be asked to resign voluntarily or may be suspended until the matter is investigated and resolved. Regardless of criminal or civil guilt in the alleged abuse, the continued presence of the person could be detrimental to the reputation of the organization and could be harmful to the participants. A person who is accused but later cleared of the charges, may apply to have a suspension lifted or, if applicable, to be reinstated within the organization. Reinstatement is not a right, and no assurance is made that the person will be reinstated to his/her former position.
- F. Any person or member organization that fails to appropriately report, who makes a false report or who threatens retaliation or reprisal against an individual for reporting sexual,

physical or emotional abuse or harassment in any form will be subject to discipline or other action as may be within the purview and jurisdiction of CHSSA.

- G. In appropriate cases, CHSSA will report violations to appropriate law enforcement or regulatory authorities for investigation.
